The ALEKS Math Placement Assessment is not a timed test. You can take as long as you need to answer the questions, so long as you complete the assessment within 24 hours. If for any reason you need to stop the assessment, you may return to it later.

ALEKS Math Placement Assessment | Testing Center
The ALEKS Geometry Placement Test is required for some courses. Read the ALEKS Geometry FAQs to learn more. These placement tests use adaptive questioning to quickly and accurately determine exactly what you know and are ready to learn. This means that the tests are unique for every student and will expose your particular strengths and weaknesses.

Math - ALEKS PPL | Testing Center
Questions are open-response: ALEKS is not a multiple-choice Placement Assessment. It is open-response and requires you to work out solutions with a paper and pencil, then enter them into ALEKS. Be sure to have scratch paper with you. There is an on-screen calculator: ALEKS will provide an on-screen calculator if you need one to complete a particular problem.

Taking the Placement Assessment | Department of Mathematics
ALEKS individualized assessment and learning enables students to efficiently refresh and fill gaps in their knowledge of the mathematics tested on the SAT and ACT. The courses work best when supplemented with SAT or ACT practice tests, so that students achieve fluency in the particular style and format of the SAT or ACT test questions.

ALEKS Course Products: High School Geometry
ALEKS will have students answer a series of questions that should take between 50 min. and 90 min. to complete. Before beginning the actual assessment, students will be directed to complete a short online tutorial so that they know how to enter answers in ALEKS. At any point during the assessment you can log out of the system and all of your answers will be stored. You can then log in at a later point in time and continue the assessment where you had previously stopped.

Before Completing the ALEKS Chemistry Assessment | Kent ...
The ALEKS system is fully automated and the ALEKS assessment is adaptive. The first questions asked will be drawn from across the curriculum, and may be too easy or too hard. As the assessment proceeds, your answers will be used to give the system an idea of your knowledge, and it will gradually focus the questioning in an individually appropriate way. By the end of the assessment you should find the questions generally challenging but reasonable for your individual level of knowledge.
