Creative Aging A Meaningmaking Perspective

I briefly explore relevant constructs: meaning-making, multimodality, and creativity and provide an overview of early phases of young children's visual language development.

What Aging Means.

Some people expressed that aging means change, loss, and not being able to do anything. One said, "Getting older means more years to add to your life, less active, less hair, more medicine, more wrinkles, arthritis, and more forgetful." They felt that when people get older, they lose
