Tim's superior drafting and design skills have been a valuable resource for my company and clients. No matter how easy or complicated the design situation might be, Tim always delivers practical, value driven designs and solutions that "Wow" my clientele. If changes are needed Tim is a phone call away.

Design Build Solutions

On large design-build projects, big companies may compete for the job; however, it is most likely that they will form a partnership with local companies that have the local resources to build the project. The result: strong design-build teams that deliver high-quality projects and support the local economy.

What Is Design-Build? - DBIA

Design-build (or design/build, and abbreviated D-B or D/B accordingly) is a project delivery system used in the construction industry. It is a method to deliver a project in which the design and construction services are contracted by a single entity known as the design-builder or design-build contractor. It can be subdivided into architect-led design-build (ALDB, sometimes known as ...
