Richly anecdotal and always provocative, Flowers in the Dustbin tells the story of rock and roll as it has never been told before.

## **Flowers in the Dustbin | Book by James Miller | Official ...**

Flowers in the Dustbin is a good synopsis of the rise of rock and roll, just not all inclusive or complete. Buddy Holly has barely a mention (and his death has been touted as the day the music died) nor do the prefab four, the Monkees (while a put together band they did have an impact on rock and roll and how it was marketed and perceived).

Play similar artists. From a line from the Sex Pistols' most famous moment to the celebration of freaks and misfits, Flowers In The Dustbin were a band constantly tempted by the possibility of success and "cool" stature in the anarcho punk scene but were acutely aware of what sacrifices would have to be made to their identity and their own vision. The band that wrote about people that didn't fit in and those alienated by being just on the outside of so-called normality couldn't ...
