Gods, Monsters, and the Lucky Peach (2018), one of several exceptional novellas nominated for the 2018 Nebula award, combines some intelligent and subtle world-building in the aftermath of worldwide disasters, the future version of project financing and lobbying (with lamentable similarities to our current world), and time travel to ancient Mesopotam

Gods, Monsters, and the Lucky Peach by Kelly Robson

"God, Monsters and the Lucky Peach" is a solid, fast-moving time travel adventure story. The characters are well-drawn especially the complex interior life of the protagonist, Minh, and her relationship with an up-and-comer named Kiki. (Incidentally, Minh is 80 years old and has six legs. In context, that's not even remarkable.)
