Macroeconomics: Policy and Practice, Second Edition draws on the rich tapestry of recent economic events to help students understand the policy issues debated by the media and the public at large during these trying times. Building on his expertise in macroeconomic policy making at the Federal Reserve, author Frederic S. Mishkin provides detailed, step-by-step explanations of all models and highlights the techniques used by policy makers in practice.

Mishkin, Macroeconomics: Policy and Practice | Pearson

Mishkin's book is very good for understanding the basics of macroeconomics. That is not to say it is suitable for a complete beginner to economics: it still requires a slightly more intermediate understanding. However, I was disappointed by the simplicity of everything explained.
