Your local Brompton dealer should be able to recommend a suitable bike detergent. Don't use household dish washing detergent, it has got lots of salt in it which won't do your Brompton any good. Don't use a hose or Jet-wash to clean your bike, this will force water into areas like the hubs, hinges and headset, pushing out the grease inside and damaging bearings.

## **Quick visual guide to basic brompton maintenance**

The Brompton doesn't need much in the way of maintenance - the sealed hub gears and galvanised chain make the gearing very durable. So, basically just oil the chain occasionally. Also oil the cables - especially, drip a little oil into the upturned end of the brake cable where it goes into the brakes at the front and back.
