Rotorway Exec : New New Helicopter complete Kit . Engine ...

1960-1970. In 1961, RotorWay's founder, B.J. Schramm, tested the company's first prototype, the Javelin. The Javelin used a 40 hp (30 kW) motorcycle engine, and was the forerunner of RotorWay's first production helicopter, the Scorpion, which was offered in 1967.. The Scorpion, priced at \$6,300 (not including the cost of the engine), was the first real kit helicopter on the market that flew.

RotorWay - Wikipedia

RotorWay was the first to mass market kits worldwide, the first to offer exclusive training in RotorWay helicopters, and the first to manufacture its own engine. We also were the first to introduce the ECU (Electronic Control Unit) System in our kits, the first in any general aviation aircraft at the time.

Rotorway : Exec 152 upgraded to Exec 162 specs,.. Full ...

Early in our research into RotorWay helicopters, we were surprised to discover that operators are required, by factory instructions, to do an extensive valve train inspection and adjustment procedure every 25 hours of operation. We were even more surprised to discover that the RW engine uses solid lifters and lash caps in the valve train.

Issues with the RotorWay Engine - epi-eng.com

This site is dedicated to the rebuild and continual modification of my 1988 RotorWay Exec. This project started with the purchase of a standard Exec 152 in September of 2005. Currently, it has incorporated all the updates of a 162F model with the exception of a 1.75" rotor mast. My most recent upgrade is the installation of the Talon A600N engine.

RotorWay-Rework

RotorWay's official position is that their 35mm secondary shaft has solved the secondary shaft breakage problem, and in Late 2003, they published a lengthy study to justify that position. ... The primary source of that vibration energy is the engine, which operates around 4250 RPM.
