Amazon.com: Samsung SCS-26UC4 3G Wireless Network Extender ...

I recently purchased a Samsung Network extender and followed all of the set-up steps but the SYS light has not stopped blinking red. I've waited hours, re-booted the network extender, reconnected it to the modem and router, restarted the modem and router and placed the network extender directly next to a large window with direct access to the sky.

Samsung Network Extender - SYS blinking red - Verizon ...

I have a Samsung SCS-2U01 network extender. For the past year I have had little issues with it. Starting last week my extender is refusing to work. The power light is solid blue, the system light is fast flashing red, the gps light is solid red, and the wan light is solid blue. I have made zero changes to the gps, isp, or physical location.
