Differentiated instruction, also called differentiation, is a process through which teachers enhance learning by matching student characteristics to instruction and assessment. Writing instruction can be differentiated to allow students varying amounts of time to complete assignments, to give students different writing product options, and to teach skills related to the writing process.

Differentiated Instruction for Writing | Reading Rockets

Content, process, and product are what teachers address all the time during lesson planning and instruction. These are the areas where teachers have tremendous experience in everything from lesson planning to assessment. Once the curtain is removed for how these three areas can be differentiated, meeting students' diverse needs becomes ...
